Career Objective

Aspiring Full Stack Developer committed to delivering high-quality software solutions and continuously enhancing technical skills in both backend and frontend development.

Skills

Programming Languages: Python

Frameworks: Django

Web Technologies: HTML, CSS, JavaScript

Database: SQL (MySQL)

Work Experience

Python & Django Developer

Company: Digitalbeans

Duration: April 2024 – April 2025

Responsibilities:

- Developed and maintained backend functionalities using Python and Django.
- Created RESTful APIs and integrated them with Django templates.
- Designed and styled responsive front-end pages using HTML, CSS, and JavaScript.
- Implemented form validation, authentication, and error handling across the application.
- Worked on database schema design and query optimization using MySQL.

Projects

School Listing Web Application

- Built separate registration features for parents and schools using Python and Django, enabling secure account creation and profile management.
- Designed and styled responsive registration forms with HTML, CSS, and Django templates, implementing both front-end and server-side validation.
- Developed Django models and views to process user data and integrate with a relational database (SQLite/MySQL).
- Handled error messaging and success feedback to improve user experience during the registration process.

MarketHub – Grocery Mart Web Application

- Developed MarketHub, a basic grocery mart web application to help small businesses manage their products and inventory online.
- Created a simple and user-friendly dashboard with CRUD operations (Create, Read, Update, Delete) to add, update, and remove grocery items.
- Implemented user login and registration functionality using Django's built-in authentication system for secure access.
- Built the complete application using Python, Django, SQL, HTML, CSS, and JavaScript, ensuring proper connection between the front-end and back-end.
- Focused on building a clean and responsive user interface to provide a smooth experience for users managing the store.

Education

Bachelor Of Science

SRI VANI DEGREE & PG COLLEGE. Anantapur. 2023. 65%.

Board Of Intermediate Education, Andhra Pradesh
